## Sylvia Bolton

Here is a very generous and exciting offer from Sylvia:

### Ballet IV & V Dancers.....I

am interested in starting a Saturday morning class at the studio, beginning date being February 11th. Class would consist of 1.50 hour technique class followed by 1.50 hour workshop which will consist of classical repertory ( pas, variations, codas, etc.). Class time would be 10:30am to 1:30pm, with a short break

following the technique class. Tuition for the 3 hour block will be determined by enrollment, but I am hoping to keep it at no more than

\$15 per block. Tuition will need to be paid by the month on the first class of the month. If there are financial difficulties, please talk to me and I will try to work out an affordable rate for the student.

You may take the technique class only if desired, however the tuition rate will be the same. Please get back to me at the studio or by email at [nootka@gmail.com](mailto:nootka@gmail.com).

Hope we can make this work.....Sylvia
